Foundation 2015 Information Night
This Thursday, 8th May 7pm-8.30pm
Please RSVP on 9874 6381 if you are able to attend the Information Night.

CLASS REPS Meeting last Friday
Class representatives met at short notice last Friday morning. The Rangeview Community Committee had the opportunity to keep these parents aware of upcoming events and canvas support for cup day, Mother’s Day stall, and hot food days. It was suggested that in the future barbeque lunches have a vegetarian option as well as other options.

The meeting included looking at the proposed use of the space from demolished buildings and clustering the portables. The ideas have been presented to the master plan committee from School Council. Recommendations will be presented to school council on 28th May. Ian Bunston presented the draft of the revised Student Code of Conduct - feedback from parents about the content and how the school values Respect, Responsibility, Teamwork and Learning is reflected in this document. Again parents were able to provide feedback and how to improve this document.

We demonstrated the large television as a possible replacement for older Interactive Whiteboards.

Next meeting is Friday, 25th July at 9.15am in the staffroom.

NAPLAN (National Assessment Program of Literacy and Numeracy)
Preparations for NAPLAN are under way. Students in Level 3 and Level 5 are preparing for NAPLAN (National Assessment Program of Literacy and Numeracy). This preparation is a regular part of the daily instruction in the classroom and will include the types of questions they may encounter in the test. I acknowledge the importance of this national assessment and I suggest that if parents have any concerns about this assessment they speak to their child’s classroom teacher.

The schedule for NAPLAN is:

- Tuesday, 13th May – Language (Language Conventions and Writing)
- Wed, 14th May - Literacy (Reading)
- Thursday, 15th May - Numeracy

Students need to be well rested and on time at school as in most cases the testing will take place before recess.

For further information please refer to: www.naplan.edu.au

Rehearsals for Hamer Hall Performance
Rehearsals are underway with Shirley Van der Tooren leading the combined schools choir. A number of our students are practising regularly. Save the date: Wednesday, 21st May at the Hamer Hall. See over the page on how to purchase tickets for the event.

Pupil Free Day in Term 2 - Mon 26th May
A reminder that the Pupil Free Day in Term 2 is Monday, May 26th. Out of School Hours Care has an ‘expression of interest’ form on page 5 of this newsletter for this day if you require care.

Lost Items
Parent and student helpers have distributed named, lost jumpers and hats to their owners. However, there is already a growing amount of lost school uniform items without names on them from the end of last term. Please mark your child’s clothing clearly to ensure that the lost items find the rightful owner as quickly as possible.

Car Park
We remind parents that the car park is for staff only. We do not want parents coming into the car park at busy times when families are actually walking through there as well. We have had cars that have entered the car park extremely quickly, if it is a rainy afternoon this is obviously a dangerous situation for any families that have toddlers or young children walking around.

Educational Technology in Foundation

During term 2 we are introducing iPads to all Foundation classrooms. Every second week, each Foundation class will have the use of 5 iPads. The aim for this term is to start building a learning community that integrates the use of iPad technology as part of teaching and learning across curriculum areas.

Before we start using iPads we have to establish rules around the use of iPads. To do this we have focussed on our school value of Responsibility. Together we watched a video made by Prep S students in 2013 as part of the Rangeview Cyber-Safety Video Competition. The video titled “Oh My Goodness!” explains all the things we need to do to look after iPads. After watching the movie we made a chart to go up in our classrooms and drew pictures to demonstrate our learning.

Throughout this term and next, we will be watching the other videos made last year and accessing online resources to teach children about the safe and responsible use of technology.

We presented our learning at Assembly.
